DAILY DEMOCRAT-FORUM

(Successor to the Maryville Republican)

VOLUME 1. MARYVILLE, MISSOURI, SATURDAY, MAR. 25, 1911. NO. 247.

TO BUILD AIRDOME

ON KELLEY LOTS, ON EAST THIRD STREET.

TO BEGIN WORK AT ONCE

Crystal Theater Company Purchased the Property and to Be back of It —To Be Open May 29.

The Crystal Theater company has bought the Kelley lots, on East Third street, 88x132, and will build an airdome seating 2,500 people. The company has been considering an airdome proposition for some time, and now it is assured that Maryville will have one this summer.

Work on the proposed building will begin at once, as a building permit has been secured. The building will be constructed of wood and steel. A good building will be built and all of the latest conveniences will be put in.

It is thought that the building will be ready to open by May 29. Shows will be booked by James R. Kearney of Kansas City, and the circuit is composed of thirty-two towns such as Maryville, Chillicothe and Brookfield. Two new companies will play each week and a new program will be presented each night, no plays being repeated. Every company comes under a positive guarantee and will be subject to closing at the end of the first act if it is not satisfactory. The latest moving pictures will be run each night. The companies will vary in their entertainment, there being dramatical, comedy, musical, vaudeville, minstrel, etc. The prices will be 10 cents general admission, with a few reserved seats for 10 cents additional.

The airdome will not be covered, and on rainy or damp nights the show will be given in the Crystal theater.

The building of an airdome settles the matter of amusement during the summer season. Airdomes are very popular in all other towns the size of Maryville. The airdome can also be used for many other meetings.

News of Society and Womens' Clubs

To Organize for Bible Study.

A class in systematic Bible study will be organized at the First Baptist church Sunday school Sunday morning. Anyone wishing to engage in such study will be cordially welcomed. Professor B. F. Duncan will be the teacher, with Mrs. Eugene Ogden as assistant.

Relatives for Guests.

Mr. and Mrs. W. E. Goforth entertained at dinner Saturday Mr. Goforth's brother and his wife, Mr. and Mrs. Samuel Goforth of Bolckow, who will also be their guests over Sunday.

Old Schoolmates Dined.

Dr. Margaret Armstrong and her sister, Mrs. J. Arthur Dillinger of Des Moines, Ia., who is visiting here, entertained several old school friends at dinner Saturday evening at 5 o'clock at the home of their parents, Mr. and Mrs. William Armstrong, on East First street. Their guests were Miss Golda Airy, Miss Fannie Andrews and her guest, Mrs. Elva Flowers Foster of Anadarko, Okla.; Miss Bessie Curnutt, Miss Anna Dooley and Mrs. Bessie Crane Rasmussen of Riverton, Neb., who is visiting her parents Mr. and Mrs. H. T. Crane.

The Mothers' Circle.

The address by Mrs. F. R. Anthony at the Mothers' Circle Friday afternoon on "The Children of Other Countries as I Saw Them" was a delightful part of the meeting, and has brought out much thoughtful comment. "Wherever we went," Mrs. Anthony said in speaking of the children in all the countries of Europe which she visited the past few months in company with Dr. Anthony, "we were charmed by the uniform courtesy of the children toward their parents and all with whom they met, and especially were they deferential in speaking of their rulers or those in authority." And one could not help but think of how Young America refers to our president as "Billy" Taft and "Teddy," or other like names, and of their parents as "the old lady," "the old man," or "the governor," and "dad" and "mam." Even the poorest children are tenderly respectful toward their parents, and she spoke of seeing two little children salute their mother, a poor workwoman, on the streets of Vienna by kissing her hand. The children of that country rarely speak before they are spoken to, as they are taught from infancy to be silent in the presence of their elders until addressed by them. They do not run on the streets unaccompanied, and they are taken to the parks for recreation by their elders.

Mrs. Anthony was asked by one of the teachers present if all the children she saw compared favorably with American children in intelligence and general appearance. She replied that they did, and that their childhood was far more natural and simple than here, because you saw none of them trying to imitate grown-ups in manner or dress. Mrs. Anthony told of several personal experiences with foreign children that gave pleasant point to all she said.

Mrs. W. H. Brown's reading on "What Constitutes a Good Mother" was generally discussed by all, led by Mrs. Jesse Fisher and Mr. J. W. Ray.

Superintendent Hawkins gave an excellent talk on "A Child's Impulses" that was highly beneficial to all present, and had to do with ways of encouraging the good impulses and curbing the bad impulses.

Mrs. F. W. Olney's story of "The Last Hours of a Mother I Knew" was indeed beautiful and touched every heart. It was the story of her late neighbor and friend, Mrs. John L. Moore, who passed away last week, leaving six little boys.

Mrs. Olney and Mrs. W. A. Burris were appointed by the president, Mrs. Eugene Ogden, to draft resolutions on the death of two of its late members, Mrs. Moore and Mrs. J. Walter Wiles, charter members of the Circle, who passed away within two days of last week.

The Mothers' Circle meetings are open to all who wish to attend—mothers, fathers, teachers, all who are interested in the welfare of children.

MONEY ALL RAISED

IN EVERY TOWN IN MINK LEAGUE EXCEPT MARYVILLE.

AMOUNT CAN BE RAISED

Here It is Thought Within a Short Time—Should Get Busy At Once.

Auburn, Falls City, Nebraska City and Clarinda have raised their money for their baseball team, it all being subscribed some time ago. At Shenandoah the money is practically raised. At a meeting held in Shenandoah this week 150 business men attended the meeting. Dell Davison attended the meeting at Shenandoah, and he says that great interest is being taken in the team at that town, and it was easy to raise the money there.

Maryville is the only town in the Mink league that has not raised their money. A committee was out Thursday for about an hour or so, and in that time secured $300. It is thought that the money can be raised here, but as the time is short some hard work will have to be done.

It is necessary to secure $2,500 to run the team through the season. Last year $3,000 was raised. With Sunday games here it is thought that the team can run on an amount much less than that. But anyway, the management wishes to raise $2,500, as they figure that it will take that amount. In case the money is not raised, Maryville has an offer to sell her franchise in the Mink league to Atlantic, Ia., and the management will probably do so. If you want league baseball here you want to aid the management here you can.

Visiting Her Guardian.

Miss Elsie Swann, who makes her home with Mr. and Mrs. E. Awalt of St. Joseph, arrived in Maryville Friday noon to visit until Monday with the family of her guardian, S. H. Kemp. She was accompanied by little Miss LeVeta Awalt of St. Joseph, who is visiting her grandparents, Mr. and Mrs. J. T. Linville.

MAKING EFFORT FOR LECTURE COURSE

Miss Minnie Kirk, representing the Century Lyceum Bureau of Chicago, has been in Maryville a few days in conference with the members of the library board and other business men of our city in regard to putting on a lecture course here that looks pretty good.

Miss Kirk has met with hearty response from the library board and all business men she has approached, and if she succeeds in selling enough tickets to the citizens in general the lecture course will be an assurance that the library board will be able to take charge of.

Returned to Oklahoma.

Mrs. W. J. Wacker of Ramona, Okla., who has been visiting the past two months in Maryville with her grandmother, Mrs. E. Mack, and uncle, Bert Mack, on South Market street, left Friday evening for Kansas City to spend a few days with her brother, Lawrence Corrigan, formerly of Maryville, who is head clerk in a restaurant, "Archie's Place," on Union avenue.

The bill has an emergency clause and is effective for the coming April election.

Bill No. 66 provides for poll books and tally sheets for the county superintendent of public schools at the annual school meetings to be held in April of each year, and the chairman of the meeting in each district and secretary thereof shall cast up the votes, which shall be by ballot, and certify the same to the county clerk, who shall, within five days, call in two justices of the peace, who shall assist in casting up returns, and the county clerk shall issue a certificate of election. This law does not apply to cities which now hold elections with city election and certify results. This bill has an emergency clause and will be in effect at the approaching school election.

DEFEATED PICKERING HIGH SCHOOL

The training school basket ball team added one more victory to their record when they defeated the Pickering high school 19 to 14 Friday night. The little Normals were not afraid in the least of their larger opponents and played a very pretty game. This game was the fifteenth victory out of the seventeen games which the training school team has played, making their percentage .882. Of their two defeats one game was lost by a margin of only 2 points, and the other one by 4 points. The line-up:

MERRILL ALDERMAN IMPROVES STEADILY

Merrill J. Alderman is making steady improvement, and is in such condition that his physician, Dr. Charles T. Bell, is feeling sure of his patient's ultimate recovery.

Mr. Alderman is proving an excellent patient. He takes nourishment regularly and with evident relish. He sometimes asks for more, and his appetite is treated with due respect. His heart action is regular and is improving daily in strength. His head is not aching so much now, and he is beginning to feel that he will not need to be considered an invalid much longer.

Music at High School.

A quartet composed of Miss Glenn Hotchkiss, Miss Ada Clayton, Miss Hazel Everhart and Miss Lois Johnson, sang several songs at the assembly in the high school Friday afternoon.

On Wednesday morning Miss Anice Ingerson and Miss Lucile Airy played a duet and responded to an encore, and Miss Hazel Everhart sang "My Own United States," by Straul Ius Strange. This song is becoming very popular in the public schools and may yet become a national song, because it is in the range of the ordinary voice.

MRS. SHANKS NOT BADLY BURNED

Mrs. William Shanks of South Vine street, who was reported Friday as badly burned, is getting along nicely and will be well in a few days.

While engaged in burning dead grass from the yard Thursday afternoon, her baby boy was toddling around in the yard, and as he came too near the fire she stepped across a little bunch of burning grass to put him back farther into the yard, when the back of her skirt caught fire.

She screamed and S. J. Pinnell, who was raking in his own yard just across the street, ran to her assistance. He first thought of tearing off her clothing, but ran to the house and secured a strip of carpet and wrapped it about her and choked the flames. Mrs. Pinnell and other neighbors arrived and Mrs. Shanks' burning skirt was removed and the flames renewed their work until it lay in ashes on the ground.

Mrs. Shanks' underclothing was not burned, but the heat from the fire was sufficient to make the flesh on her limbs and about her waist sore. Dr. Leslie Dean was called to attend her. He found her in worse condition from the nervous shock than from her burns.

If it had not been for the timely assistance of Mr. Pinnell, Mrs. Shanks would have been burned to death.

AN URGENT NEED.

In this spring time of gladness and good cheer when every man's heart is susceptible to the appeal of his fellow, it is well to look about us and pay heed to some of the urgent needs in our midst not well advertised. An urgent need, almost a necessity, not generally known perhaps is better elevator facilities at St. Francis hospital.

This institution of such great worth and value to all of Northwest Missouri, clean, cheerful, wholesome and perfect in its appointments so far as the hands of devoted servants of the public can make it, is struggling against the inconvenience and danger of an old, cumbersome, out-of-date elevator. The good ladies in charge of that institution are giving the best efforts of their lives to the care and welfare of the sick and unfortunate. Their services are free as the air and yet these good ladies are day after day, month after month, compelled to pull a rope to lift an old time elevator.

The old elevator, we are told, creaks and screeches in its movements in a way most irritating to the nerves of delicate patients. All of this is unfortunate but under present circumstances it cannot be helped.. Only the public, the beneficiary of the institution, can remedy the defect.

This is a matter that should come home to every citizen of this county. Thousands have already had occasion to avail themselves of its privileges and no one of us knows the day nor the hour that he may be taken there. Only last week a young man the picture of health and hope left his place of business for his mail and in ten minutes was being hurried unconscious to this hospital. The privileges of St. Francis hospital have saved lives and great expense to hundreds in this and adjoining counties.

Why not help these good ladies in their good work? Why not raise enough by popular subscription to install an up-to-date elevator in this institution and thus contribute something to the safety and comfort of the unfortunate—maybe ourselves. The last man to give to this fund may be the first man taken to the hospital. Who knows?

Think it over, talk it over and tell The Democrat-Forum what you think about it. The Democrat-Forum believes that when the situation is properly understood enough will be forthcoming in a very little while.

MEXICAN CABINET RESIGNS IN BODY

Advisers of Diaz Give Notice They Will Quit.

PRESIDENT POSTPONES ACTION

Ministers Announce They Will Leave Government Service at Special Meeting—Another Crisis Arises in Affairs of Republic to the South.

Mexico City, March 25.—The Diaz cabinet resigned. Following a meeting of that body every minister tendered his resignation to General Diaz. As yet none of the resignations have been accepted, but on excellent authority it is said but two of the ministers, and possibly not more than one, will be asked to remain.

In diplomatic circles and among high government officials it is assumed that General Diaz will insist on Senor Limantour remaining in charge of the department of finance.

Members of the cabinet refuse to comment upon their action, but it is said semi-officially that the initiative was taken, not by them, but by the president, who, it is believed here, proposes to surround himself with younger men in the hope that such action will serve to unite all elements of the nation.

It is probable that the acceptance of the resignations will be coincident with the announcement of the names of the new ministers. This announcement may not be made for some days.

New Blood to Be Infused.

Who will compose the new cabinet is not publicly known, but it may be said they will be men who have not taken a leading part in the government affairs. Neither will it include any who have been identified with the revolutionary movement instituted by Madero.

Included in the resignation was that of Ramon Corrall as minister of gobernacion, a department corresponding to the department of the interior in the United States, but not as vice president. It is reliably reported that the vice president will sail on April 12 for Europe.

The reason given for the action in an official announcement is the belief that it will contribute to the re-establishment of peace and facilitate the reforms which are in contemplation.

Enrique C. Creel, minister of foreign relations, presented the resignations in behalf of all of the ministers. General Diaz thanked the retiring members for their efficient and patriotic co-operation in the past and announced he would postpone his acceptance or rejection until later.

INSURRECTOS ARE HOPEFUL

Junta at El Paso Pleased With Limantour's Modified Statement.

El Paso, Tex., March 25.—Minister Limantour's modified statement, published here, created much satisfaction among the insurrecto leaders. It was regarded as substantiating the hope, which had not been entirely abandoned, that some form of a peace proposition would soon emanate from Mexico City.

The activity of Mexican troops at Juarez continues, the sentries having been doubled in expectation of a possible attack by the insurgents, who are known to be near the city.

C. P. Converse of Glendora, Cal., has filed additional evidence that his son, Lawrence, and Edwin Blatt of Pittsburg, now in jail at Juarez, were captured on American soil.

TOM ROBERTSON IS DEAD

Swore He Would Not Get Hair Cut Until Bryan Was Elected.

Macon, Mo., March 25.—Tom Robertson, sixty-five years old, who took a vow in 1896 that he would not permit a razor to touch his face or shears to touch his hair until William J. Bryan was elected president, died as the result of a fall down a long flight of stairs. He had kept this vow faithfully and was looking forward to a Democratic triumph in 1912. When Robertson's hair was combed it reached half way down his back.

Banker Whose Pardon Will Be Considered By Taft In a Few Days.

TAFT TAKES UP MORSE CASE

Begins to Read Voluminous Papers Accompanying Request for Pardon.

Washington, March 25.—President Taft began consideration of the Morse and Walsh pardon cases. It will take several days merely to read the voluminous documents in these cases.

A pardon of either of the convicted bankers is regarded as unlikely, but the president may decide that a commutation of sentence is warranted.

FOUR MILWAUKEE FIREMEN KILLED

Two Others Are Fatally Hurt When Roof Collapses.

Milwaukee, March 25.—Four fire fighters are dead, two others are dying and several others are suffering from more or less serious injuries, the result of the caving in of the roof of the building of the Middleton Manufacturing company, wholesale hatters, 354 Broadway.

The dead: Captain John Hintz, company No. 9; Peter Janssen, No. 9; Dick Burke, No. 9; —— Hammond.

The fire had been burning half an hour and between fifteen and twenty men had been fighting the flames from the roof of the four-story structure when suddenly the roof collapsed, carrying them through to the basement.

A number of the firemen were buried in the debris, while others escaped through the basement windows. The money loss is placed at $100,000.

ANOTHER MARTYR TO DUTY

Dr. Raymond W. Brown Dies Suddenly of Spinal Meningitis.

New York, March 25.—Dr. Raymond W. Brown, house physician of the Hudson Street hospital, it was learned, died of spinal meningitis within twenty-four hours of the appearance of the first symptoms of the disease. His is the second death within a few days of a physician who is believed to have contracted the disease through contact with infected Greek immigrants. Dr. Brown's death followed closely that of Dr. Edward F. Ashley, the bacteriologist on Swinburne island, under similar circumstances. Physicians could not remember a case of meningitis where death followed so quickly the appearance of the disease.

Cracksmen Get $4,000.

Curryville, Mo., March 25.—Safe blowers set off five charges of dynamite in the bank of Curryville shortly after midnight, wrecked the building and safe and escaped with $4,000. The citizens of the town were aroused by the blasts, but they did not try to molest the robbers.

TRAIN ROBBERS MAKE RICH HAUL

Iron Mountain Passenger Held Up Near Coffeyville.

THROUGH SAFE IS BLOWN OPEN

Bandits Delay Train More Than Two Hours and Make Their Escape From Scene in Two Autobomiles, Carrying Away $20,000.

Coffeyville, Kan., March 25.—For two hours six masked men held St. Louis, Iron Mountain and Southern passenger train No. 104 at a standstill on the prairie, about six miles south of this city, while they blew open a safe in the express car, and escaped in two automobiles, carrying with them money and valuables which, it is believed, will amount to $20,000.

Just after the train left Lenapah, Engineer Lynch heard a sharp cry:

"Hands up!"

Turning, he saw a masked man sitting on the tender, pointing a revolver at him.

"I'm going to ride a little way with you," said the man. "Drive on!"

The engineer drove on. About four miles out of Lenapah the man made the engineer stop the train at a place where the tracks crossed a small culvert, near a clump of trees. Five more masked men came out of the clump, and, taking position on either side of the train, began to shoot into the air and along the sides of the train. Then, while two of the men stood guard to prevent any passenger from leaving, the other four marched the engineer and fireman to the day coach and locked them in there.

One man then took a position to guard the rear of the train and three went into the express car, forced the two expressmen to jump out and stand where one of the side guards could keep them covered with a revolver.

Nitroglycerine Used.

After nearly an hour's work the men had succeeded in inserting a charge of nitroglycerine into the "through" safe in the express car. They blew the safe to pieces and scattered its contents over the floor of the car. After the three men had spent nearly an hour over the packages taken from the safe the lights of two automobiles were seen drawing near from the direction of the Oklahoma line. As they came within about 200 yards of the train on the country road the automobiles were stopped. The lights were extinguished and men and automobiles disappeared.

BANK ROBBERY IN KANSAS

Masked Men Cut Wires and Stand Off Citizens of Hudson.

Hudson, Kan., March 25.—Five men blew up the safe of the Hudson State bank and, after seriously wounding Max Rice, a night watchman, who attempted to grapple with one of the robbers, escaped with $4,500.

Before the robbers entered the bank they were discovered by Night Watchman Rice. The watchman struck one of the men over the head with a lantern and ran. The robber shot at the fleeing man, wounding him. The men then entered the bank and blew the safe. The town was aroused at the first shot, but while two men worked inside their comrades stood outside discharging their revolvers to intimidate the citizens.

A woman, Mrs. Gus Witt, wife of a merchant, alone retained her nerve. She heard the shot that wounded Rice. Rushing to the vicinity of the bank, she saw Rice's body in the road. Under the fire of the robbers she reached the watchman's side and determined he was seriously hurt. Then she turned and ran through the fire to a physician's home. The robbers permitted the physician to pass and to attend Rice's wound.

Before entering the bank the robbers cut all of the telephone and telegraph wires out of the town. After the work of the men inside had been finished, the robbers rode away in a large touring car.

TWO PASSENGERS ROBBED

Masked Man Enters Sleeping Car on Northwestern Near Denison.

Denison, Ia., March 25.—A masked man got on the rear end of No. 8, eastbound passenger train on the Northwestern railroad, at Denison, covered the flagman with a revolver and made him go ahead into the sleeper. He robbed two passengers, taking $14 and a $40 diamond ring from A. C. Hansen of Olympic, Wash.; $35 and a $10 watch from J. W. Hendell of Wichita, Kan. The bandit was about five feet eight inches tall, weighed about 160 pounds and was about forty years old. He jumped from the train about four or five miles east of Denison.

Hunters Find Body of Missing Man.

Falls City, Neb., March 25.—Charles Foehlinger, Leo Atkinson and Thomas Frenchy were out duck hunting on the Fisher farm, south of town, and near a little pond came onto the body of a dead Greek laborer, who had been in the employ of the Burlington at this place. The Greek had been missing from the camp for a number of days. The indications from the condition of the body so strongly pointed to murder and robbery that an autopsy was decided upon.

SUNNY MONDAY

Sunny Monday is an ideal soap for washing flannels, woolens and finer fabrics, because it contains no rosin and there is absolutely no danger of shrinking; it leaves them as soft and fleecy as they were originally.

In addition to this, Sunny Monday Laundry Soap contains a marvelous **dirt-starter** which saves time and rubbing, as well as wear and tear on clothes.

RAVENWOOD.

Last Monday opened up clear and warm, and our farmers began to move early, some to plowing and some sowing oats. Everybody seemed to have a call to do something on the farm.

Tuesday we had rain that stopped all outdoor work. Today (Thursday) is again clear and bright, and everything is on the move.

Grass is beginning to grow and favorable weather will soon make good pastures.

We understand there will be several changes here early next week. Benton Smith will move to the Hawk place, in the north part of town, which he bought some time ago. Prof. King will move to the Smith residence, in the southeast corner of town, and J. M. Perkins will move to his own property, where Prof. King now lives, which is the north lot of Bishop's third addition.

Rev. S. E. Hoover and family visited relatives and friends at Forest City from Friday morning to Thursday evening.

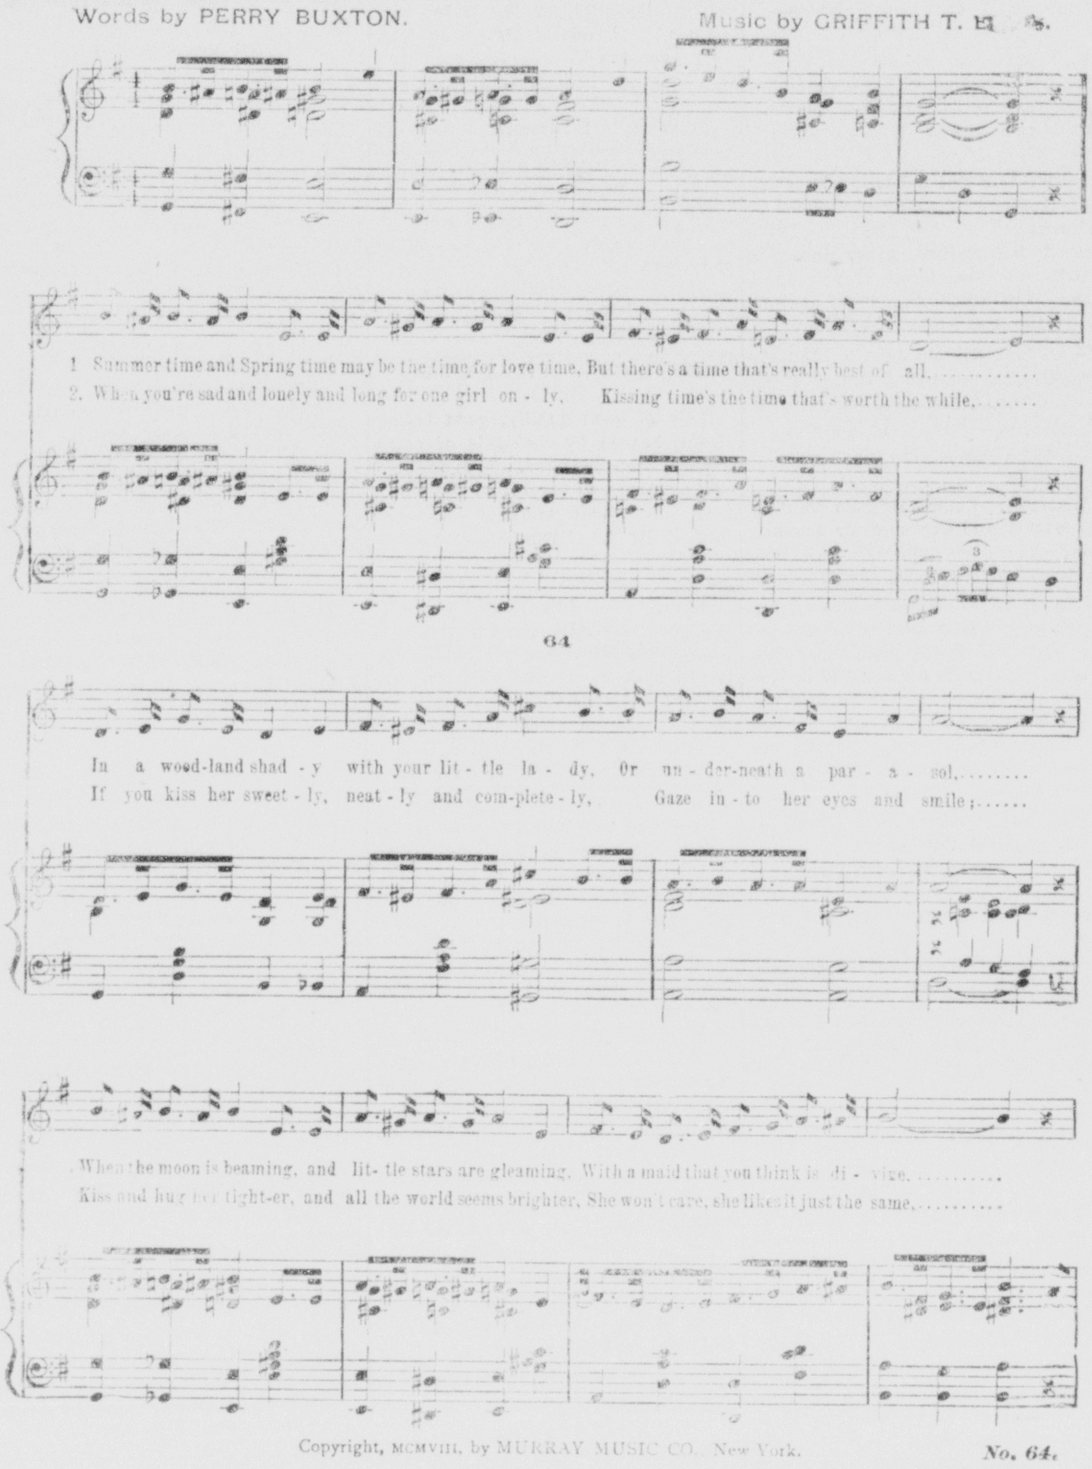
KISSING TIME.

Sung by John Bunny, now with Hattie Williams in

"FLUFFY RUFFLES."

Words by PERRY BUXTON. Music by GRIFFITH T. [illegible].



1 Summer time and Spring time may be the time for love time, But there's a time that's really best of all,
2. When you're sad and lonely and long for one girl on - ly. Kissing time's the time that's worth the while,
In a wood-land shad - y with your lit - tle la - dy, Or un - der-neath a par - a - sol,
If you kiss her sweet - ly, neat - ly and com-plete - ly, Gaze in - to her eyes and smile;
When the moon is beaming, and lit- tle stars are gleaming, With a maid that you think is di - vine,
Kiss and hug her tight-er, and all the world seems brighter, She won't care, she likes it just the same,

64

Draw her close - ly near you, where no eyes can see you, That's the time for kiss - ing time,
Whis-per "I'll be thine, dear, if you will be mine, dear, Now's the time to change your name,"
Chorus.
Kiss - ing time, kiss - ing time, Kiss - ing time's the time for mine,
Oh it's grand to kiss your girl - ie, Lips like cher - ries, teeth so pearl - y;
Kiss - ing time, kiss - ing time, Ah, but it's di - vine
Oh, such bliss, to kiss and kiss in kiss - ing time, time,

FIRST FEW GRAY HAIRS

MAY BE POSTPONED.

A feeling of sadness accompanies the discovery of the first gray hairs, which, unfortunately, are looked upon as the heralds of advancing age. Gray hairs, however, are not always an indication of advancing age, for many people have gray hairs quite early in life. Of course, it is unnatural and indicates that there is something wrong with the individual and that Nature needs assistance in correcting the trouble. The same is true of hair that is constantly falling out and becoming thinner every day. If everything is right with Nature, the hair, even in comparatively elderly people, should be long, thick and glossy, without even a streak of gray.

The ideal assistant to Nature in restoring and preserving the hair is Wyeth's Sage and Sulphur Hair Remedy, a clean and wholesome dressing for daily use. It not only removes dandruff but strengthens weak, thin and falling hair and promotes its growth. A few applications will restore faded or gray hair to its natural color.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by

Although in past years it has been customary for the city to call upon the men for help on "clean-up" day, this year the women of the city are asked to take the prominent part in cleaning up the streets and yards. We have set aside March 29 as the annual "clean-up" day, and urge that all of the women of the city aid in making it a success. Following the clean up, a trip of inspection will be made over the city on April 5.

WILBUR WRIGHT ON STAND

Inventor of Aeroplane Testifies in Suit Against Farman and Bleriot.

Paris, March 25.—Wilbur Wright was a witness before the civil tribunal of the Seine, which is hearing the suit brought by the French owners of the Wright Bros.' aeroplane patents against Farman, Bleriot and others for infringements.

Mr. Wright traced the efforts of the brothers first with kites and then with planes, until finally they invented the mobile-vertical tail and forward rudder, "after which," said Mr. Wright, "the problem of equilibrium was solved and the era of human flight arrived."

These principles, the witness said, were patented in 1909 and were not divulged, as the defense contends, before the patents were granted. The case was adjourned until March 30, when arguments will be made.
